Sprint Report 2 - 30 Days - Team 1- 7/13/2020

Actions to stop doing: We currently don't have any problems with our group and have found our tasks/meetings to be productive. We are satisfied with the leadership as well as our own roles and responsibilities.

Actions to start doing: Team needs to meet on a daily basis to ensure the product is finished on time. We also need to start collaborating our designs into a single application as most of our program is not integrated. It would also be beneficial to get help from the TA's and attend their office hours regularly.

Actions to keep doing: Keep meeting with the team and communicating via discord. Keep checking discord messages regularly and have informal meetings.

Work completed/not completed:
Work completed:
- (Sprint 2) User Story 1: As a user I want to mark the challenge of each day as complete after I finish it.
- Clean up our github repo and integrate code
- Finalizing App UI on Figma
- Created App UI Content Flow

Work not completed:
- (Sprint 2) User Story 2: As a user, I would like to view the progress made on my chosen challenge over the past month.

Work completion rate:

(This section should report the following: total number of user stories completed during the prior sprint. Total number of estimated ideal work hours completed during the prior sprint. Total number of days during the prior sprint. For the previous sprint, the user stories/day and ideal work hours/day figures should be reported. For sprints past the first sprint, this section should also provide the average user stories/day and average ideal work hours/day figures computed across all sprints to date. The final sprint burnup chart for the previous sprint should be available for viewing in the lab and an email of this chart sent to the TA/prof)

User stories completed: 1/2
Total number of ideal estimated hours: 6hrs (Sprint 1 User Story 1) + 2hrs (Sprint 1 User Story 2) + 1hrs (Sprint 2 User Story 1) = 9hrs per person
Total number of days in the past sprint: 7
Ideal work hours: 30-40 hours
S

User Story 1: 4 points
User Story 2: 6 points
