Sprint 2 Plan

Heading

Product Name: 30days
Team Name: Team 1
Sprint 1 Completion date: Monday 7/6 to Sunday 7/12
Revision Number: 1
Revision date: 6/28/20

Goal

Goal is to finish backlog from Sprint 1 and integrate firebase with our frontend. We also will work on a completion/progress calendar.

Task List

Backlog from Sprint 1 - User Story 1: As a new user, I want to know how to add a challenge

- Task 1: Create a homepage (2 hours)
-

Backlog from Sprint 1 - User Story 2: As a user, I want to gain better habits by viewing new challenges and choosing one.

- Task 1: Create a page for challenges (1 hour)
- Task 2: View details of challenges (1 hour)
- Task 3: Create the content of challenge (1 hour)

- Task 4: Confirm challenge choice (1 hour) - brings us back to the home page that says day 1 task

-
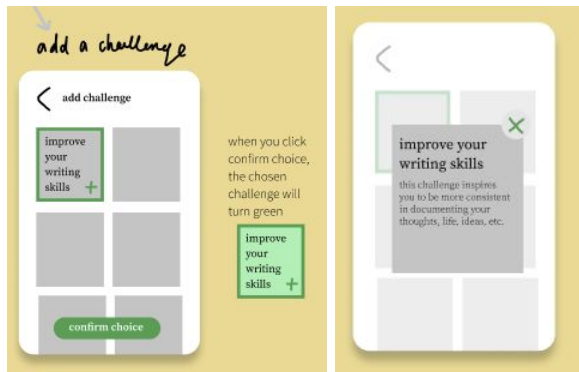

User Story 1: As a user I want to mark the challenge of each day as complete after I finish it.

- Task 1: Use react-native-checkbox to implement it
- Task 2: Design the UI (how we want complete vs incomplete to look)

User Story 2: As a user, I would like to view the progress made on my chosen challenge over the past month.

- Task 1: Design and add in the calendar view of the progress.
- Task 2: Bar of progress view.
